Wholesale Price List

1918-1919

GLADIOLUS BULBS

G. D. BLACK, Albert Lea
Minnesota

The prices in this list are figured on a cash basis and do not include the payment of postage or express charges.

A discount will be allowed on large orders, or when quite a number of varieties are ordered for testing.

We shall try and meet all legitimate competition, except on the badly mixed stocks of some dealers.

We shall strive to maintain our reputation for furnishing clean, pure, young stock. We make a specialty of growing young stock for other growers, because our soil and facilities are well adapted for this purpose.

We have most of the varieties that have been put on the market by American and foreign growers, and can furnish them in small quantities to those who wish to test them.

While we exert the greatest care to have everything true to name, we will not assume any responsibility for errors that may occur, other than to replace any stock that may prove untrue or refund amount received for same.

The stock of bulbs we offer is practically all one and two years old from the bulblets. A young vigorous bulb about one inch in size is worth more than a large old bulb.

Some of the standard varieties are omitted from this list because early orders have exhausted our stock and it is our policy to sell stock of our own growing.

We sell Planting stock $\frac{3}{4}$ to 1 inch in most varieties at half the price of first size bulbs.

Where no size is mentioned bulbs are $1\frac{1}{2}$ inch up.

The following offers are made subject to prior sales:

25 bulbs of a kind furnished at the 100 rate.

250 at the 1000 rate.

No charge for packing.
